picturebook of the events gone at MHS this year. someone a memory, good or bad, that will be relived years from era has caught an underclassman at one of his "firsts" or a "lasts." Or perhaps you find yourself pictured going about your daily routine. Whatever the pictures mean to you, each represents a part of MHS this year.

Each student who passes through MHS finds his area of interest, whether in sports, club activities, student government, fine arts, or extensive study. These things do not change very much; the students who participate in them do, and they make the year different from any other. Mohisco XIV is a unique picture of life at MHS.

Patricia Elliott
Dollyann Elliott

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that, the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh! I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

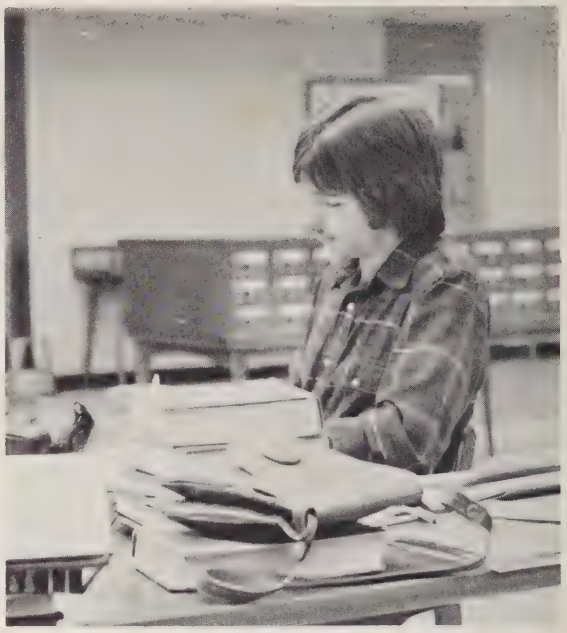
I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I
I took the one less traveled by,
And that has made all the difference.

Robert Frost

If you choose carefully you may find the road that will lead you to happiness and success.

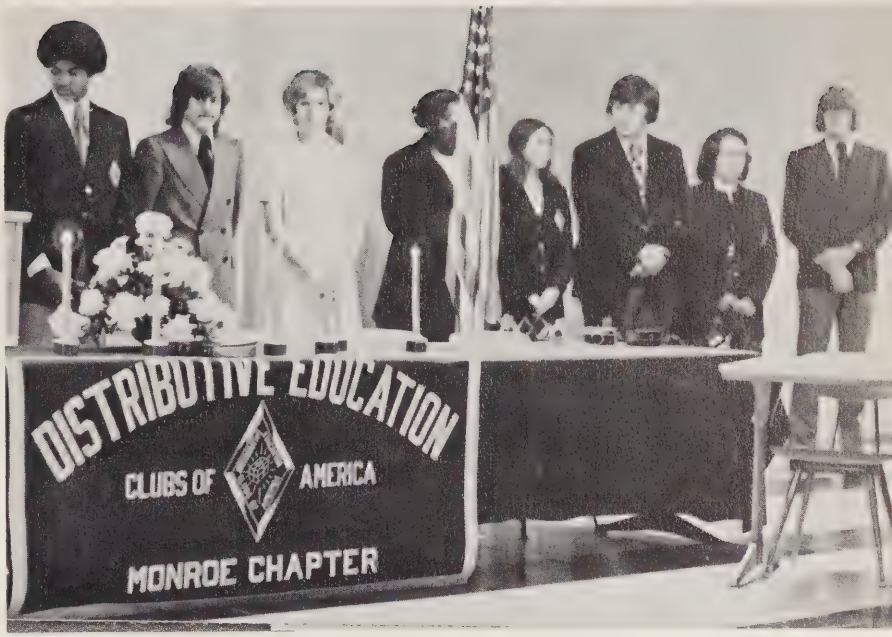
The road may be a rough, uphill climb or a smooth and easily traveled highway. And though you will seldom get the chance to turn back,

if you travel on, new and different roads will be opened to you.



The road is long

with many a winding



turn that leads us

to who knows where.

Well, I hit the rowdy
road, and many kinds

I met there,
and many stories

told me of the way
to get there.

1974 MOHISCO DEDICATION
Mrs. Clara B. Coble

The fourteenth Mohisco is dedicated to a member of our faculty who provides a valuable service to all at MHS. Although she is not a teacher, she comes in contact with every student before he graduates. Each student who enters her office is treated as an individual with unique needs. With her experience in guidance, she is able to help students channel their talents and abilities toward suitable futures.

She can be found at her desk surrounded by all sorts of applications and forms which she willingly completes. Her dedication to her job stems from a sincere concern for and interest in the students with whom she works.

This annual is dedicated to Mrs. Clara B. Coble.

Mrs. Coble spends a part of her free time at lunch walking for exercise.

Superintendent of Monroe City Schools

It is with a great deal of pleasure that I congratulate the Seniors of 1974.

As you move into the mainstream of society, do not wait for extraordinary circumstances to do good, but rather try to use ordinary situations. Remember, for anything worth having, one must pay the price; and the price is always work, patience, love, and self-sacrifice.

My sincere best wishes to each of you. May your future hold more success than failure.

DEPARTMENT

Language is not static. Words constantly change, though we are seldom aware of it. To meet new situations, we invent new words or different meanings for old words hoping they will convey our new ideas. During the four years of English required at Monroe High, the teachers try to instruct students in the meanings of words, in their proper usage, and in valuable pieces of literature. Courses in French are available to those who are interested in foreign language.

The language department has also changed in staff. Miss Antoinette Dawson is experiencing her first year teaching French at Monroe High. Ms. Dianne Hartson is supplementing her work at the Mint Hill Dinner Theater by teaching English due to the temporary absence of Mrs. Ruth Hunley. Monroe High is pleased to have had these additions.

MATH DEPARTMENT

MRS. JUDY DAVIS

MRS. SHIRLEY NASH

Peer into certain classrooms any period of a day and one will find students hard at work applying mathematical skills. High school graduation requires two units of mathematics. College preparatory students find three or even four units beneficial.

The four members of Monroe High's math department supply courses in this field that can fulfill any student's need. Commercial students are offered general mathematical concepts, Business and Consumer math. Students preparing for college are aided by the study of Algebra I, II, or III, Geometry, and Trigonometry.

SCIENCE DEPARTMENT

The word science, in its broadest sense, is synonymous with learning and knowledge. Science has given the world such communication devices as the telephone, radio, and television. It has revolutionized transportation by means of the railroad, automobile, airplane and rocket. It has made it possible for people to live longer through medical discoveries. The list is endless.

At Monroe High, studies in physical science, biology, and chemistry make it possible to note these past scientific advances and the data that made them possible. Future advances, hopefully, will give answers to current problems. "The science of today is the technology of tomorrow."—Edward Teller

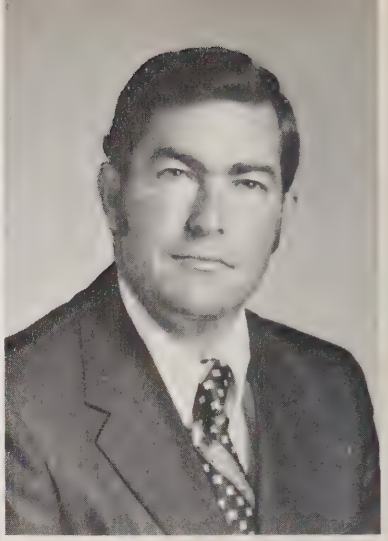
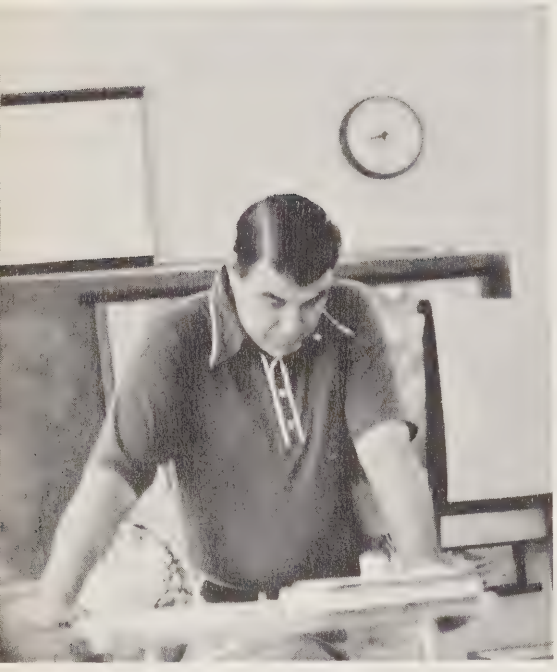
MR. SAM INGRAM



MR. PATRICK SECREST

SOCIAL STUDIES DEPARTMENT



MR. DALLAS ROLLINS

Webster's defines social studies as a part of a school or college curriculum concerned with the study of social relationships and the functioning of society. As Arnold Glasow says, "One of the chief objects of education should be to widen the windows through which we view the world." This is only one of the objects of Monroe High's social studies department. It is hoped that everyone will open his eyes to the problems of the world through studies of U.S. and world histories, geography, and civics and that such study will lead to the answers for these problems.

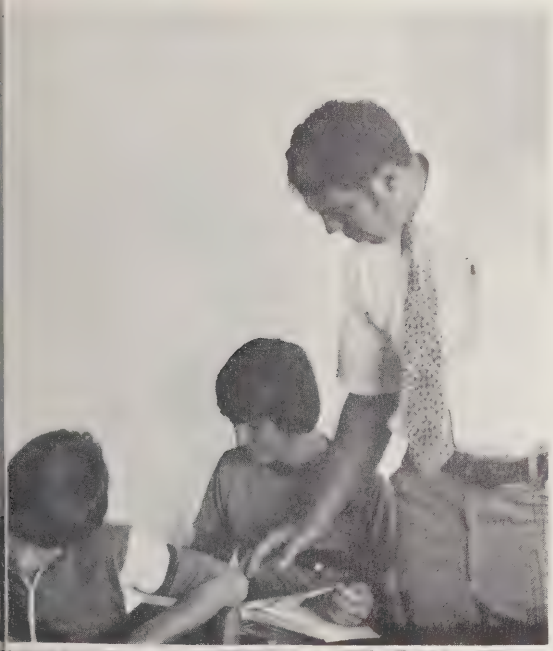
PHYSICAL EDUCATION



Education of the body in addition to education of the mind, should play an important part in the lives of every individual. At Monroe High, health and physical education are required of each student for graduation. Here one learns about the functions and diseases of the human body in addition to participating in such activities as baseball, track, or balance beam exercises. Those who so desire may further their physical abilities through advanced physical education.

Monroe High has found it necessary to increase its room capacity. We are proud of the mobile unit as the health classroom.

MRS. CAMILLA BAZEMORE

MRS. MARY MILLS, R.N.

VOCATIONAL

For many people a lifework is a matter of chance rather than choice. A job when offered is accepted with little or no thought of its suitability. The vocational teachers of Monroe High try to prepare their students for the outside world of work by matching the qualifications needed for a job to the individual's potential. Students take part in first-hand experiences of possible future occupations while working part-time and attending classes in the morning.

Monroe High expresses appreciation to the masonry department for the new entrance sign to our school, to the Health Occupations II class for their work at Union Memorial Hospital, and to the remaining vocational departments for their general betterment of society.

COMMERCIAL DEPARTMENT

So this is how you learn to type!

Steadily clicking typewriters, shorthand pads, and bookkeeping files are all familiar sounds and sights of Monroe High's commercial department. Here, arts that prove valuable to college and non-college bound students are diligently pursued with the aid of fine instruments and instructors.

Our commercial staff appreciates the addition of Mrs. Louise Hargett who is filling the position of Mr. Jerry Honeycutt due to his temporary absence.

FINE ARTS

MISS LYNN BAKER

Art is, and always has been, an indispensable need of humanity. Life and art are closely, inseparably interwoven, but life passes—the life of individuals and the life of nations—and art remains. It is the only thing that is permanent. Walter Pater states, "Art comes to you proposing frankly to give nothing but the highest quality to your moments as they pass." Whether quality or mere pleasure, one can see Monroe High students taking advantage of the arts in chorus, band, art class, or even in the library.

SERVICE DEPARTMENT

The proper function of Monroe High would be impossible without the assistance of the members of the service department. Mr. Helms and the maids endeavor to keep our classrooms clean, our yards trimmed, and our school properly heated. The members of the cafeteria staff prepare nutritious meals each day in addition to selling milk and doughnuts at break.

We sincerely express our appreciation to the members of the service department for their efforts to make our school life more pleasant.

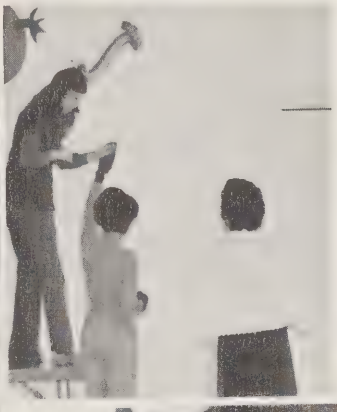
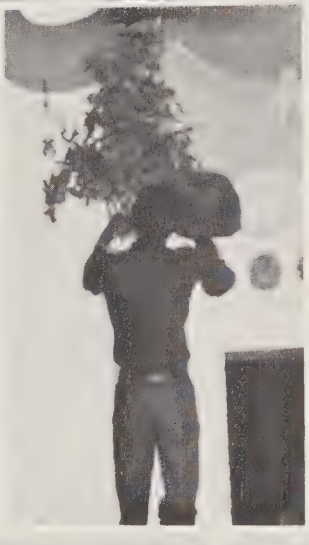
1973 JUNIOR-SENIOR

Hey, Baby, we could really go places together.



The 1973 Junior-Senior was held on Friday, April 13, at the Monroe Country Club. Despite this unlucky date, the Oriental affair was a great success. Music was provided by The Three Prophets. The Junior class worked very hard to make this a memorable occasion.



A penny for his thoughts.

When is the party going to start?

VALENTINE DANCE '73

The Valentine Dance was held on February 9, 1973, at the Monroe Country Club. Joyce Jones was crowned as Valentine Queen. The runners-up were Carol Hawfield, Sherry Gamble, and Debbie Springs. The Valentine Dance is an annual event sponsored by the Student Council.

JOHN NOLTE

John Nolte is our A.F.S. exchange student this year. He is from Durban, South Africa, and is spending the year with the Joe Fieldens.

John, with his sincere friendliness and enthusiasm, quickly won the admiration of the student body. He was elected president of the senior class and has taken part in many activities at MHS.

John has taught us much about life in South Africa and has learned a great deal about life in the United States. We were introduced to rugby, a game which is a combination of soccer and football. John saw a football game for the first time. He also became accustomed to our national pastime—watching television, for in his country there are no television sets.

We are indeed happy and proud to have John as a member of our school, and he will long be remembered by students at MHS.

This is a year which I will never forget but always cherish. It is one which I will look back on with deep and mixed emotions—emotions of joy and gratitude to you all, of satisfaction at the countless memories and experiences, and most of all, of a sincere and painful sadness at leaving behind beautiful people and a beautiful country.

Here is a quotation which a very special person sent to me while I was here . . .

"Miles separate us,
Memories bind us,
We are apart,
But we are together."

I will be back,

John

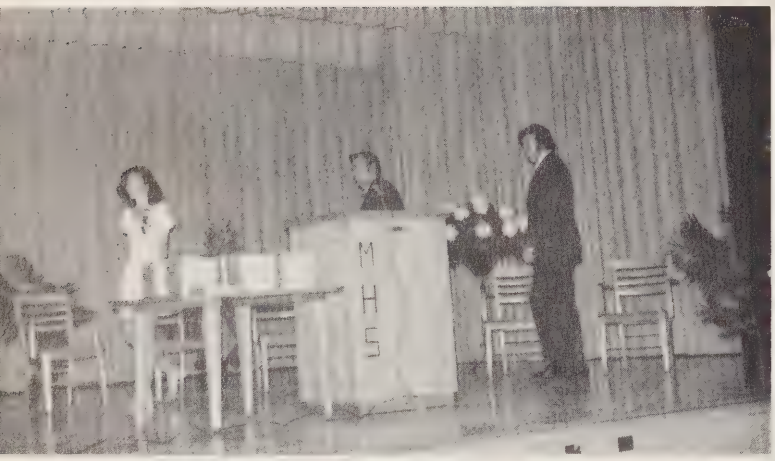
MARSHALS 1973



Leading the platform guests across the stage began the long awaited occasion of receiving diplomas.

The honor of the 1972-73 Marshals went to the students having the ten top scholastic averages of the Junior Class. Their duties included setting up the stage, arranging flowers, handing out programs, and escorting graduates in on Award's Day, the Baccalaureate Sermon, and Graduation. Cleaning up after the ceremonies and packing caps and gowns were their less glorious duties. Under the supervision of Mrs. Hilton, they did an excellent job.

Freshman Elections

OK, I admit I'm only a Freshman.

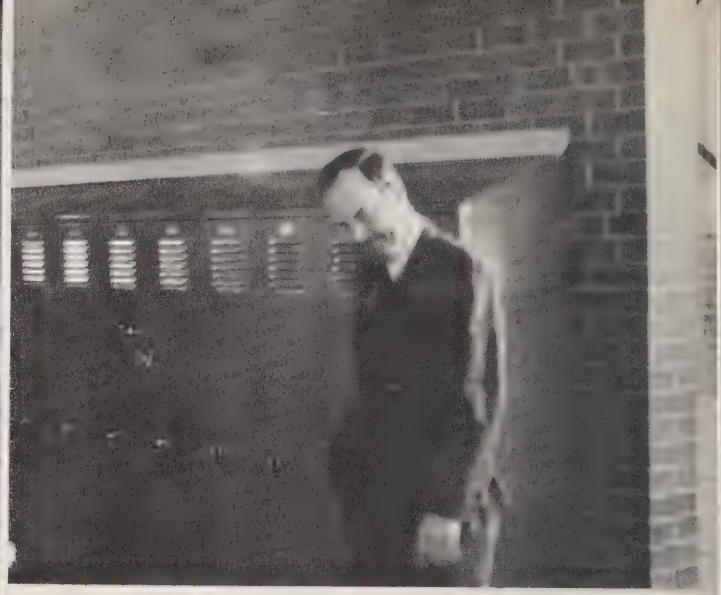
Ah! Another A+.

So you're the one that's been going out with my man.

Double, double, toil and trouble; fire burn, and cauldron bubble.

Is this all there is to high school?

Up to the lips and over the gums,
Look out stomach, here it comes.



Mama told me there would be days like this.

Breakfast of Champions!

Gosh, he makes it look so easy!

I just can't believe it!

Charles is back to that greasy kid stuff!

How did I get into this?

TO THE SENIOR CLASS OF 1975:

As we, the graduating class of 1974, leave Monroe High School, we leave four years of our education behind, and we realize that this education has been a long and winding road. We have suffered many hardships, shared many good times, and have been rewarded by work well done. Now we can only cherish these memories forever. We hope the Senior Class of 1975 will have as many enriching and rewarding experiences as we have had.

LIFESTYLES AT M.H.S.

Believe it or not, he finally made it!

Drafting and Industrial VICA celebrates National VICA Week by giving a tea in honor of the faculty.

I hate to eat and run, but . . .

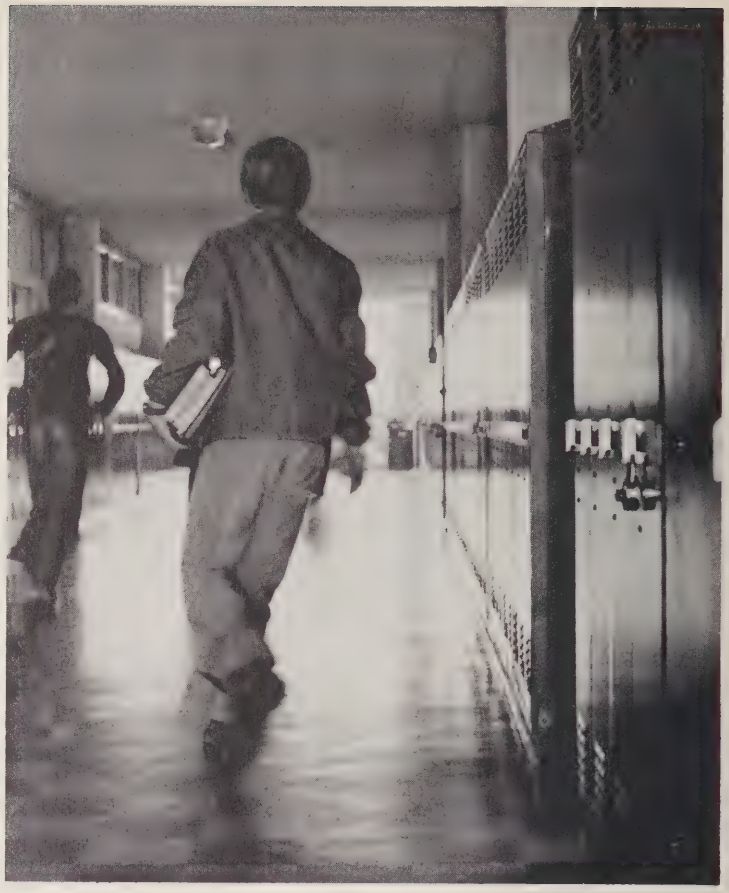
Who would ever think of selling our school?

We'll walk the halls of this, our school, our heads we'll hold up high.

The memories we have will never die.

Our inspiration be from knowing one like thee,

So here's to thee, oh Monroe High, we pledge our loyalty.

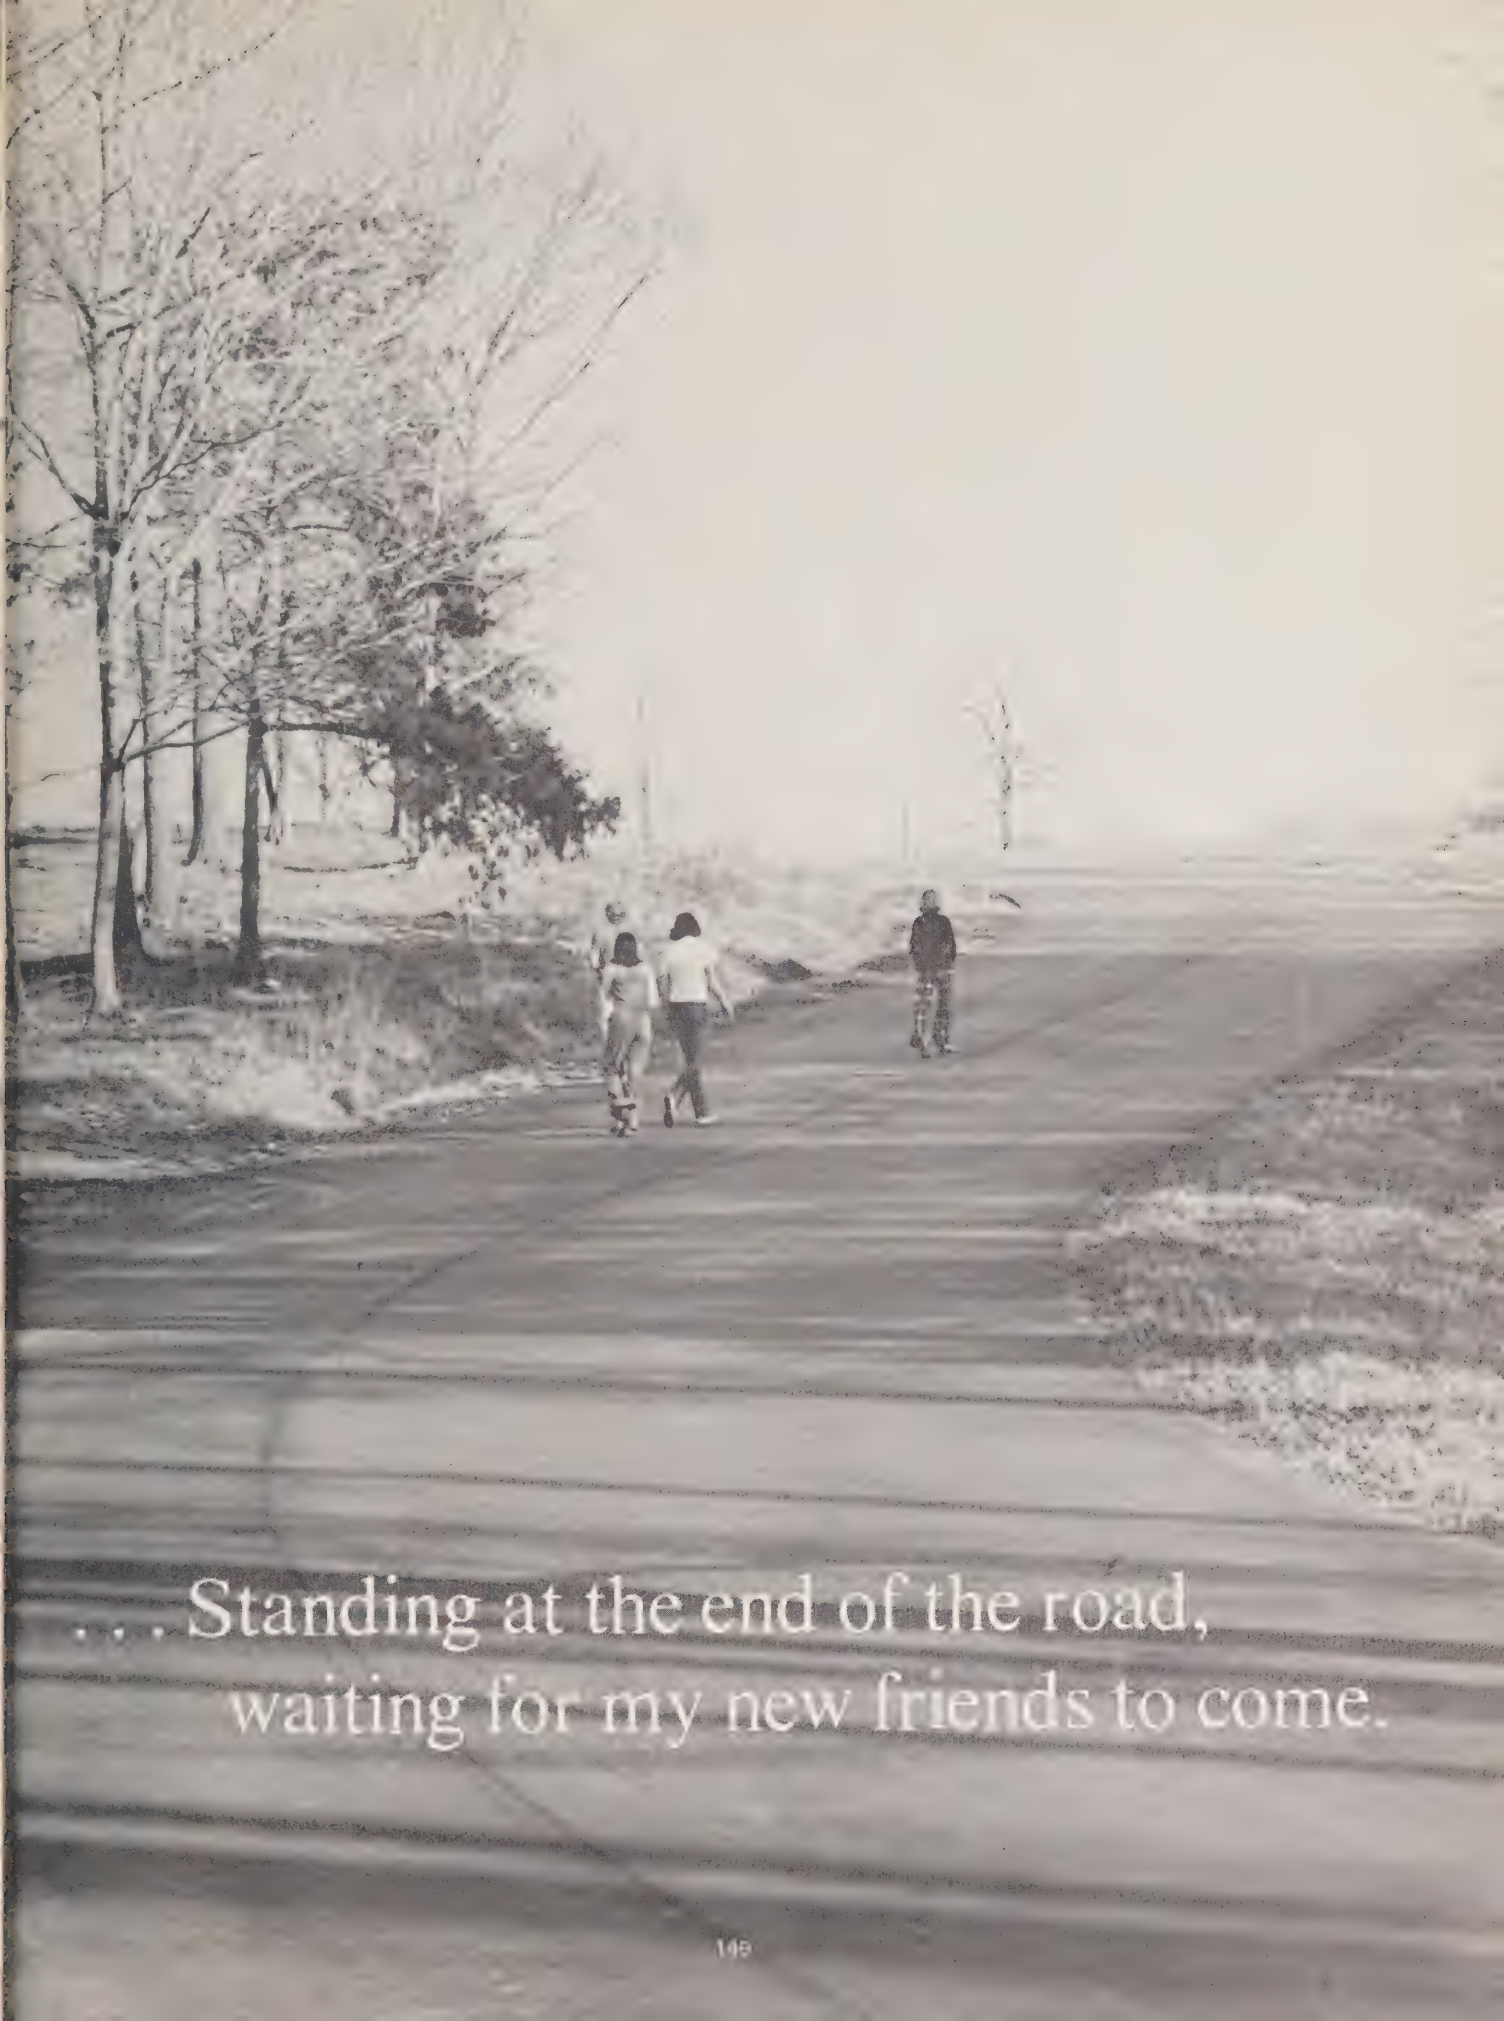


Oh, sing her praises loud and strong, let all our voices peal,

Oh, chant her praises from the highest hill.

Oh, Alma Mater we, to thee will ere be true.

A prayer for thee, oh, Monroe High, may God bless and keep you.



. . . Standing at the end of the road,
waiting for my new friends to come.
